Shaker Square Launches Official Web Site VisitShakerSquare.com

Cleveland, September 7, 2007 – Visitors, patrons and friends of Shaker Square now have a central portal for easy access to information on Shaker Square’s mosaic of restaurants, retail merchants and business activities. **VisitShakerSquare.com** – the Official Web Site of Shaker Square – has been created by The Coral Company to enhance the experience of all who visit the Square, as it continues to serve as the commercial, social, cultural and transportation intersection for all who live, work and socialize there.

Shaker Square is owned and managed by The Coral Company, a retail and residential property development firm based in Cleveland, Ohio. Since taking ownership in 2004, The Coral Company has increased occupancy at the Square and rebuilt the Square’s destination personality. There are many retailers, award-winning restaurants, and numerous office tenants that call Shaker Square home.

“VisitShakerSquare.com is one more way in ensuring that the offerings at Shaker Square – both shopping and dining choices, as well as the gathering spaces – are easily meeting the needs of the residents of Shaker Square.” said Peter Rubin, Coral’s president and CEO.

Visitors to the site can find all of the information they need to shop, dine and play at the Square, including hours of operation for the Square’s restaurants, retail outlets, office tenants, and Cinema, as well as a central calendar of events and promotions. VisitShakerSquare.com also provides an easy vehicle for accessing transportation, RTA and parking information.
