### Shaker Square is Now a WiFi Hotspot

**CLEVELAND December 6, 2007** — This historic shopping and restaurant district has now entered the 21<sup>st</sup> century with the introduction of a "Shaker Square WiFi Hotspot". Web users can enjoy this new free wireless internet service anywhere in the outdoor space that is within the confines of the Square. The wireless access is available 24-hours a day.

"This is an example of how the Shaker Square experience will be further enhanced for those coming to the Square," said Peter Rubin, President and CEO of The Coral Company, owner of Shaker Square. "We are committed to continue making Shaker Square a true Night and Day encounter."

Since 2004, Shaker Square has been owned and managed by local developer, The Coral Company. Coral is an unusual real estate company in that it has expertise in both commercial & residential development. The company excels best in complex redevelopment projects where mixed uses can be integrated together like an intricate puzzle to create viable, vibrant neighborhoods that last for generations to come.
