A FREE Event for Members and Gold & Silver Sponsor Young Leaders
To register on-line: Go to "events" registration at cleveland.uli.org

Attendance is Limited! You MUST REGISTER to attend

New to the YLG group in 2008 are two MEMBERS & GOLD AND SILVER SPONSORS ONLY site tours. These events are an opportunity to thank you for supporting the organization and providing us the rare chance to see development in the construction phase. The second On Site tour will be The Coral Company's new project in University Heights at Cedar Center.

Peter Rubin will share his experiences with the development and the unique public/private partnership that made it possible. We will also have access to this new and highly visible project at the northeast corner of Warrensville Center and Cedar roads. Now that the southwest redevelopment phase of the project is completed with a new Whole Foods Market, the second component of the project is slated to begin demolition soon,

*The Coral Company's project will bring new life to this portion of
University Heights.*

Thank you for your generous support!
